

Welcome Coaches & Assistants

Thank you for volunteering your time to take part in the development of Soccer & Our Club!

Uniform Handout Guidelines

You have 2 team lists in your package. You will be handing one back to us today and one you will keep for your records. You also have the Parent / Player Manuals & Team Schedules. Each player must receive one of each.

Please fill in the shirt numbers beside each player and note who did not show up today. (do this on both sheets)

Handout:

There are more than one size of uniform (shirt/ shorts/socks) in your package. Line up the shirt sizes with the corresponding shorts & sock sizes in separate piles.

Please Give out Uniforms by size not numbers!

Have the kids line up by height – smallest to tallest and **hand out the uniforms by size** giving them each a shirt, shorts, socks. Record the Shirt # beside the players name on both your lists.

When handing out the balls – instruct the players to **immediately write their names and numbers on the ball** in permanent marker which I have provided for you. (please return the marker when finished with it) Tell them **they must bring this ball to every game!!**

Have your players change quickly and be on the field by their scheduled time.

Don't forget to give them each a Parent/Player Manual & Team Schedule!
